CAMP SEASON --- 2008

Dear Camp Robin Hood Families:

This summer, as arranged with David Cole, we will be providing camp trunk delivery service from your home to CAMP ROBIN HOOD. Our company has been serving camps in the eastern part of the country for over 30 years. We hope to enhance your camp experience this summer by providing you with the highest quality baggage service possible.

We arrange to pick up your luggage at your home for delivery to camp in June and then we arrange to deliver the baggage home from camp in August. **Please note that we do not have any size or weight restrictions.** In addition, you do not have to be at home or sign for any luggage to be picked up or dropped off.

The prices for Round-Trip and One-Way service are based on 1 OR 2 pieces of luggage per individual camper as listed below. Please see the back of this letter and/or our web site for prices and information regarding sports equipment, super-sized soft trunks, and other items that you wish to ship.

We will advise you of the exact date of pickup in your area and any other final instructions around June 1. Your luggage tags will also be sent to you at that time. For any other information or instructions, we suggest you check out our web site at **WWW.CAMPTRUCKING.COM.**

In order to provide you with the best service possible, we have an **application deadline of May 9.** Any enrollment after these dates will be assessed a \$25.00 service charge.

We look forward to serving you this summer. Thank you for your prompt reply.

Sincerely yours,

SPORTS EQUIPMENT and other items

Camp Trucking, as your camp baggage carrier, can also transport your child's sports equipment. The prices are listed below. Please make sure the items are packed in appropriate containers and not strapped or tied on to your luggage. This will ensure that they make it safely to and from camp.

We **strongly** urge that hockey sticks/lacrosse sticks be packed in boxes. If your sticks are boxed you can use **one** price to ship multiple sticks in the same package. This will also ensure a more timely delivery and there is less chance of damage. In addition, our luggage tags stay attached to boxes better than they do to sticks alone. Please label each stick and box in large print with child's name and camp name.

Please note which piece(s) you are shipping on the application and include the appropriate additional payment. By having Camp Trucking transport your sports equipment, you agree to the following:

Camp Trucking's limits of liability on sports equipment is for a maximum value of \$50.00.

The insurance/valuation coverage on the form is for *clothing baggage only*. If you need additional coverage on your sports equipment, please contact your insurance agent.

Please **use caution** when packing tennis racquets or other fragile items in your luggage. The bags are stacked inside of a truck and the weight of the bags could cause fragile items to break. **We will not be responsible for breakage or damage to items packed inside your luggage.** *This includes electronic items like radios, CD players and videos games. These items should be taken on the bus or plane.*
