THE OFFICIAL ALUMNI NEWSLETTER OF CAMP ROBIN HOOD

Hello Fellow Alumni!

As we prepare for our 95th consecutive summer at CRH, I wanted to share the opening letter I wrote for last summer's yearbook. I spend a lot of time reading past opening letters written by Andy and John which have served as a remarkable blueprint for operating camp based on their principles and values. I hope 40 years from now, the current ex-camper sitting behind the desk will read about and gain a better understanding about how special The Realm still is.

We look forward to celebrating the wonderful accomplishments we have achieved over the past two summers against all odds – and to meeting every future challenge with the same passion, determination, adaptability, and above all, continued dedication to provide a one-of-a-kind summer experience that helps kids grow and thrive.

Thank you for your continued trust and support, and best wishes for health and happiness in 2022.

Love to all,

Woody

WORTH A REPEAT...

WOODY'S PERSONAL Letter FROM OUR 2021 YearBOOK

The summer of 2021 was unique in so many and yet it was always consistent with everything our founder, Andy, dreamed about 94 years ago. Once again, children from far and wide entered The Realm on opening day with excitement, passion, and understandably a bit of uncertainty. They drove under the camp sign at the gate and immediately felt safe, surrounded by love, support, and the magic in the trees. Camp has seen this every summer for 94 years- the trees, the sailing shack, the red garage, the office, the bunks, the fields; they all serve to shelter the campers and staff of The Realm from the world's problems. The Friedman family and their friends planted the trees and rebuilt the buildings following the fire in the spring of 1948. If only they could talk, can you even imagine the stories they would share?!

The principles upon which CRH was founded still hold true today: CRH is a place for campers and staff to come together every summer to make lifelong friends, to try new things, to learn the value of giving back, to build character, and to embrace the idea that being respectful and considerate of others is ultimately the key to our success. For the second year in a row, our campers and staff did the work at home to help us to create our bubble and guarantee our safe haven, and the results speak for themselves. Together, we proved that NOTHING can stop Robin Hood. The memories we created together, the wholesome fun we experienced in the fresh air away from screens and technology, the games we invented together, and the close friendships we made will forever echo in the realm and will serve to perpetuate the magic in the trees.

I want to address the entire Camp Robin Hood family - our campers, our staff, our parents, and our alumni - and to say thank you from the bottom of my heart for believing in the mission and helping us execute it. I always thought it, but now I know it: anything is possible... absolutely ANYTHING, when we all work together for a common goal. I am forever grateful that we took this journey together. It is one that we will NEVER forget.

Love always,

Woody

Dear Alumni & Friends -

We're excited to invite you to join us for an "evening activity" fundraiser on January 27th at 8pm EST. Last year's event was such a hit that we're bringing it back! Two of our most entertaining alumni, Jason Fisher and Natalia Datorre, will again be hosting a night of games and laughs to benefit The Magic In The Trees Foundation.

It is because of your help and camp's generosity that we're able to provide deserving campers the opportunity to experience all that Robin Hood has to offer each summer.

Please RSVP and donate through Eventbrite. Also, as always, please help spread the word to others who may want to support this meaningful cause. We greatly value your support as it is what allows us to make this all happen.

We hope to see everyone soon!

BIG THINGS ARE HAPPENING AT THE REALM

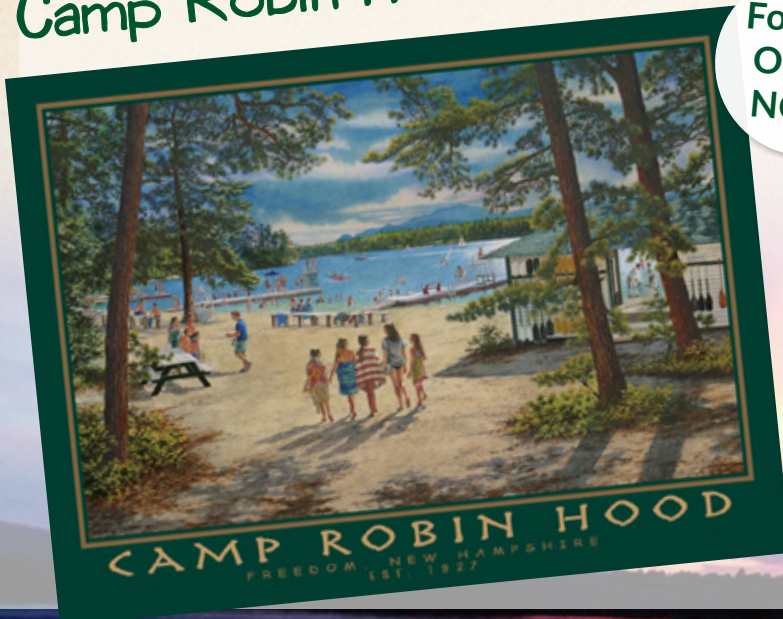

What's Happening @ Camp

In October we began construction on the infirmary, which will be converted into a Jr. Boys Camp Bunk. At the same time work began on bunk 19 (The Double Decker) which will become the new and improved infirmary. We are excited for these changes and can't wait to share the completed projects with you.
